

## PORTABLE SHEEP YARDS

Commander Ag-Quip have emerged at the leading edge of the industry as a result of ongoing commitment to product innovation and design. We offer free design service high quality manufacturing and reliable after sales service. We pride ourselves in being a family owned and operated Australian business.

The portable sheep yards are an essential piece of equipment for the progressive sheep farmer. Many happy customers are using the portable sheep yards to handle their flock especially at lamb marking time instead of mustering to central set of yards where disease such as tetanus is prevalent.

The Commander Ag-Quip portable sheep yards are simple and quick to set up. The drawbar assembly is raised to a vertical position for operation which gives the operator easy access to the sheep and is safe for the animal. The single axle Drafting Module can easily carry up to 35 panels, which is adequate hold 1300 head. The tandem axle trailer module can carry up to 80 panel to hold up to 2500 head.
