**WELCOME to the
Commander Ag-Quip
2011 / 2012 sales catalogue**

Dear valued customer,
Please find enclosed your complimentary copy(s) of our new sales catalogue, once again packed full of quality products to help Australian farmers become some of the most efficient primary producers in the world.

You will notice significant changes to many products and a range of new products. Our commitment is to keep up with trends in the market and our innovative design team has been busy developing new ideas and taking on suggestions from end users.

Take a moment to browse through the catalogue and call us on 1800 655 033 with any queries, even just for a freight estimate, our team is ready. With over 100 years of experience combined and the fourth generation coming on board soon, our stock yard design team is ready waiting for your call, so if you are thinking of upgrading your yards put us to the test today. We have many yard designs available, or you can send us your own.

PLUS see over for deals you can't go past!

Global Livestock Equipment Group

Commander Ag-Quip is pleased to announce it has recently become a member of the Global Livestock Equipment Group (GLEG). This is a growing group of livestock equipment manufacturers from around the world who pool their ideas and experience to produce some of the most tried and proven products on the market. Visit the web sites listed on the left to see other members and products.

Get ready for harvest with Grain Commander

With sowing completed and harvest not too far down the track, make sure you order your auger early to avoid disappointment. The series 3 Grain Commander auger has proven to be one of the most popular augers manufactured in Australia. Now with several thousand augers in operation throughout Australia this is testimony to the confidence farmers have in Grain Commander. See over for deals you won't see again!
